

Apples and Potatoes

Ingredients

6 white potatoes (or equivalent amount of red or new potatoes)
2 apples, peeled and cored
1/4 cup olive oil
1 teaspoon salt
1/4 teaspoon pepper

Directions

Preheat oven to 400F. Chop potatoes and apples into cubes. The larger the cube, the longer it will take to cook. Cut apple cubes larger than potato cubes because the apples will take less time to cook.

Toss cubed apples and potatoes with olive oil and salt and pepper.

Place on shallow baking sheet (with sides) in oven for 20 minutes.

Stir potatoes and apple

Cook for 20 minutes more.
